

# Instron® EXTRA™ Services Revolve Around You

**Instron EXTRA News**

Instron is committed to the development and introduction of a wide range of service products that will enable us to provide comprehensive support agreements to our existing customers and to other users of material testing systems.

Instron EXTRA has available the following range of calibration products:

- Force
- Displacement
- Strain
- Speed
- Alignment
- Torque
- Hardness

This range is now extended to include:

- Pendulum Impact testing systems (Charpy and Izod)
- Uniaxial creep testing in tension systems

## Impact

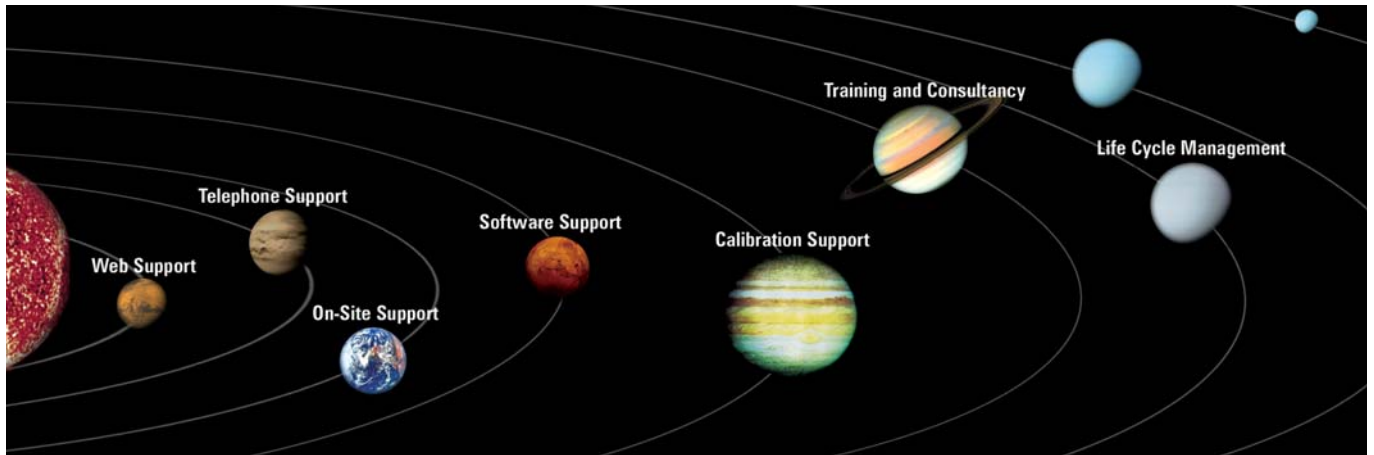

Charpy - to EN 10045-2 and ASTM E 23  
Izod - to ISO 13802 and ASTM D 256

## Creep

ISO 7500-1  
ISO 7500-2

Dynatup® POE 2000 instrumented pendulum impact test machine.

Another exciting development is the introduction of our new **Web Support Agreement (WSA)**.

For further information on any of these products, please contact your local **Instron®** office.

## What is WSA?

On-line access to:

- Your exclusive web site
- FAQs, technical documents
- Software updates
- Help desk priority response
- Technical seminars
- Service history
- Calibration certificates
- Agreement information
